

Amazon Future Engineer FC Tours Note Catcher

future >>
engineer

Name: _____ Class: _____

Directions: As you virtually tour the Amazon Fulfillment Center, record at least one fact you learned at each stop. Try to keep these facts focused on the ways computer science is used. Record any additional questions you have, too.

Stop:	Coollest fact I learned:	Questions and Wonderings I have:
Order 		
Pick 		
Pack 		
SLAM 		
Shipping & Delivery 		
Careers 		

Thank you for joining us on an Amazon Future Engineer Virtual FC Tour! Let us know how you enjoyed it by completing this [quick survey](#).

FC Tours: 3-2-1 Organizer

Name: _____ Class: _____

Directions: As you virtually tour the Amazon Fulfillment Center, answer the key questions below. We will go over these as a class after the tour to discuss what you learned! Have fun!

3	2	1
What are three ways that computer science and robotics are used to help fulfill customer orders at Amazon?	Record two new vocabulary terms you learned and what they mean (in your own words) below.	If you could ask Amazon one question, what would it be? Feel free to put this into the chat, too!
1)	1)	1)
2)	2)	
3)
